

PHANTOM SL3 SYSTEM™

"Simple Precision" by NSI SOLUTIONS

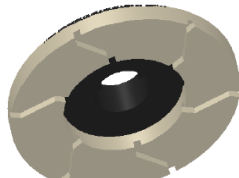

NEW PRODUCT!

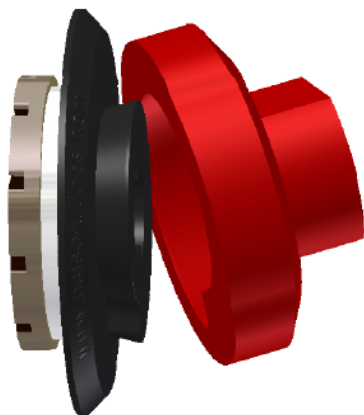

5/8 –11 Thread Adapter

2" Cup Wheel

3" Turbo Pad

Just Twist and Remove -
"Angle" it out

A **Quick Change Abrasive System** designed specifically for use with the Seam Phantom™ but equally useful for other purposes such as TOP and FLAT EDGE POLISHING. Features include:

- Dynamically Balanced Adapter to minimize vibration
- Single attachment method: Once a pad has been used it will always go on the same way which eliminates the need to index the pads
- Can be used with less water than other turbo pads
- Facilitates pad changes when used with the Seam Phantom®. No need to back off the tool to switch to a different pad grit
- Available with 2" cup wheel for making back bevel cut with Seam Phantom®.
